RURAL MEDICAL OUTREACH BY TELE - MEDICINE INITIATIVE

Telemedicine is the remote diagnosis and treatment of patients via telecommunication technology. An innovative and cost-effective way to provide health care facilities in rural environments, it was ideal for the state of Bihar, one of the least developed states in India with a poor Human Development Index (HDI) of 0.5361.

Internship with Bihar Lok Sabha Member of Parliament (MP), Sheohar constituency

2016

- -Interned with Mrs. Rama Devi, MP, to examine and analyze the impact of the rural medical outreach via telemedicine which covered over a quarter million patients per month in over 156 locations in Tier 2/3/4 Towns & Villages.
- -Completed a study analyzing why this telemedicine project was not as successful as desired and also gave recommendations to enhance its impact.

Awareness Campaigns

2016

-Created vernacular flyers and a mobile application to increase public awareness of Telemedicine in Rural Bihar and encourage the utility of such facilities to the needy in these rural and remote locations.
